- * Excluded Pro Features for CorelDRAW® Home & Student Suite X7:
- Native 64-bit OS support
- VBA / VSTA support
- Macro functions disabled
- Some Professional Print options disabled (CMYK features, composite, color separations, PostScript and prepress tabs in the print dialog)
- Enhanced Color Management, Default Color Management settings and large print preview disabled
 Some additional functions and support removed: Color Styles, Object Styles, Color Harmonies, QR codes, Planar Mask tool in Corel PHOTO-PAINT, color proofing option, Undo dockers, Universal Laser & Roland color palettes, the ability to create left & right master pages, and custom placeholder text
- Some external file format support removed: DXF/DWG, DCS, CGM, JPEG 2000, etc.
- The layout tab has been simplified
- Option to purchase Premium Membership not available for CorelDRAW® Home & Student Suite Users
